We wish to correct misprints and errors of the original Letter.

All numerical runs in the original paper were performed for an average norm  $|\psi_n|^2 = \frac{1}{2}$ .

The y-axis label in Fig. 2 of the original paper should be  $2\Lambda_{\max}$ .

The caption of Fig. 2 should correctly read “The doubled largest Lyapunov exponent  $2\Lambda_{\max}$  in...”

These corrections do not affect the results and conclusions of the original paper.

We thank Weihua Zhang and Robert McLachlan for pointing to the above misprints and errors.
